For Four seats : Minimum 100 Beds (in all the four specialties)

Broad Specialties	Indoor Beds in the specialty	General beds * in the specialty	Outpatient attendance per year	General * OPD	Inpatient attendance per year	General bed * occupancy
General Medicine,	30	10	800	30%	1200	30%
General Surgery,	30	10	800	30%	1200	30%
Obstetrics & Gynaec.,	30	10	800	30%	1200	30%
Paediatrics.,	10	4	400	30%	500	30%

* General ward beds are those 'earmarked' beds / cases whose patients are to be looked after by DNB trainees under the supervision of Consultants and charged 'at cost' only, with no special fees or profit.

2. Staff: -(Common for all specialties)

S. No.	Particulars	For Two Candidate	For Four Candidates
a.	Senior Consultant with 8 years experience after MD/MS/DNB in either General Medicine, General Surgery, OBGY or Paediatrics.	1	2
b.	Junior Consultants with 5 years experience after MD/MS/DNB in either General Medicine, General Surgery, OBGY or Paediatrics.	1	2
c.	Whole time Resident with or without post graduation qualification	2	4

3. Emergency Medicine/Critical Care:

Should have 24 hours emergency services having adequate number of beds with supportive facilities for resuscitation and good medical cover.

4. For Surgical Specialties:

- Adequate number of operation theatres
- Adequate equipments as required for the concerned speciality
- Anaesthesiologists both for the service and training of candidates
- Other para medical staff to help in the operation theatre
- Intensive care unit for surgical emergencies
- Post operative ward

5. Supportive Services:-

Radiology and other essential contrast studies

- Clinical Haematology
- Clinical Microbiology
- Clinical Pathology/Histopathology and Cytology
- Any special investigative procedures required for the concerned speciality.

6. Physical Facilities :-

a) Out patient department :-

The hospital should possess adequate space for

- Registration of patients' along with facilities for record keeping.
- Adequate number of rooms for examining the patients in privacy.
- Case conference room (OPD) teaching room.
- One or more side rooms for OPD procedures such as pleural aspirations dressings, plaster application, minor operation room etc.
- Site laboratory to provide immediate facilities for routine investigative procedures.

b) Inpatient Department :-

The hospital should possess adequate space for doctor's duty room with attached toilet, adequate space for each bed and in between for side laboratory, for clinical investigations and separate room for clinical conference (ward teaching).

7. Training in Basic Sciences:-

The hospital seeking accreditation should arrange appropriate number of lectures / demonstrations / group discussions / seminars in Basic sciences as related to the specialty concerned.

Accredited hospitals should also give each of their DNB trainees a mandatory One month rotation training each year, (in addition to the routine duties) in their Hospital's Laboratory so as to enable them to gain knowledge in Laboratory procedures in subjects like Pathology, Histopathology, Biochemistry, Microbiology, Genetics etc. The institution may also arrange for training in all Basic Sciences as per the Syllabus. An undertaking to this effect is to be submitted to NBE while applying for Accreditation.

8. Training Schedule :-

The hospital must arrange for didactic lectures, special clinics as related to concerned specialty, clinical meetings / group discussions / seminars / workshops / Inter unit departmental meetings / journal clubs etc.

The hospital applying for accreditation must have a good Library with adequate number of Standard text books of latest edition, all the Indian journals in the specialty in which the accreditation is sought / subscribed for and preferably Two foreign journals. Facilities for students to study and consult the textbooks and journals with trained librarian to cater to the needs of the students. The library should be open even on Sundays and holidays.
