1. INTRODUCTION

The Government of India established the National Board of Examinations (NBE) in 1975 with the objective of improving the quality of the Medical Education by establishing high and uniform standards of postgraduate examinations in modern medicine on an all India basis and utilizing existing infrastructure for capacity building.

NBE at present conducts postgraduate and postdoctoral examinations in approved specialties leading to the award of Diplomate of National Board. The Medical Council of India has laid down standards for postgraduate examinations conducted by various medical colleges and affiliated to concerned universities and other institutions, yet the levels of proficiency and standards of evaluation vary considerably in these institutions.

The Examinations conducted by NBE provide a common standard and mechanism of evaluation of minimum level of attainment of the knowledge and competencies for which postgraduate courses were started in medical institutions. Moreover, intra country and international comparisons are facilitated with the availability of commonly accepted evaluation mechanism.

RECOGNITION OF DNB QUALIFICATIONS

The Nomenclature of the qualification awarded by the National Board of Examinations is “**Diplomate of National Board**”. The list of recognized qualifications awarded by the Board in various Broad and Super specialties as approved by the Government of India and included in the First Schedule of IMC Act 1956 is as at **Annexure 1**.

As per the Indian Medical Council Act 1956; the power to recognize medical qualification and determine their equivalence rests with central government.

The Diplomate qualifications awarded by the National Board of Examinations are equated with the postgraduate and post doctorate degrees awarded by other Indian Universities for all purposes including appointment to teaching posts as lecture/Assistant Professor by the Government of India, Ministry of Health and Family Welfare; vide their notifications issued from time to time.

The holders of Board's qualification awarded after an examination i.e. DNB are eligible to be considered for specialist's post/faculty in any Hospital including a training/teaching institution on a teaching post/ as faculty member.

Diplomate National Board qualifications are well recognized and accepted globally.

Note : Use of Mobile Phones/Electronic Devices is strictly prohibited in the premises of NBE Examination Centres.

16. Centralised Entrance Test (CET) - July 2012

Frequently Asked Questions

I. Format of CET

a. **Is there a new testing format for CET?**

Yes, starting from the July 2012 administration, the Centralised Entrance Test (CET) will change from a paper and pencil test to a computer-based test (CBT). This is not an Internet-based test, i.e. a candidate does not take the test over the Internet. Instead of reading the questions from a paper booklet and darkening the ovals in an answer sheet, a candidate will now read the questions on a computer screen and choose an answer by using a mouse to click on the appropriate option.

b. **How is the computer-based format different from the paper and pencil format?**

The only difference is in the way the questions are presented, and how responses are recorded.

c. **What does a computer-based test look like?**

A Practice Test will be made available on the NBE website www.natboard.edu.in to provide candidates with the look and feel, as well as functionality of the actual test.

II. Test Duration & Pattern

a. **What is the duration of the test?**

The test duration is 3 hours and will be conducted in a single section. There will also be an additional 15-minute tutorial prior to the start of the test. Candidates will also need to accept a non-disclosure agreement (NDA) before beginning the test.

b. **How many questions will there be?**

There will be a total of 180 questions.

c. **What type of questions will there be?**

The test will only contain multiple choice questions, each with four
