## I. INTRODUCTION

Since 1982 NBE has been functioning in the field of post graduate medical education. NBE is the only examining body of its kind in the country in the field of medical sciences. Continuing evaluation of quality and validity of the measurement mechanism and standards of examinations by constant interaction with experts in various disciplines of modern medicine and allied specialties are among its important activities.

NBE conducts examinations in 65 disciplines and subspecialties of modern medicine and has accredited approximately 470 institutions/hospitals in public and private sector all over the country for Broad specialty, Super specialty and Fellowship courses.

Considering the fact that India has the expertise in various sub-specialty areas with centers having high tech equipment and trained manpower performing exceptional

quality work and also keeping in mind the need to increase manpower that can render highest degree of professional work, the National Board is also conducting Fellowship programme in 17 sub-specialties.

NBE at present conducts postgraduate and postdoctoral examinations in approved specialties leading to the award of Diplomate of National Board. The Medical Council of India has laid down standards for postgraduate examinations conducted by various medical colleges and affiliated to concerned universities and other institutions, yet the levels of proficiency and standards of evaluation vary considerably in these institutions. NBE provides a common national standard for assessment of postgraduate and postdoctoral training.

The Diplomate qualifications awarded by the National Board of Examinations have been equated with postgraduate degree and postdoctoral level qualifications of universities

by the Government of India, Ministry of Health and Family Welfare. The holders of NBE qualifications awarded after an examination are eligible to be considered for specialists' posts in any hospital and for teaching positions at academic institutions. The holders of NBE qualifications awarded after an examination i.e. DNB, are eligible to be considered for specialists post / faculty in any hospital including training / teaching institution on a teaching post / as faculty members / teacher / Assistant Professor/ lecturer.

National Board of Examinations in its continuous endeavor to undertake capacity building and strengthen the Post Graduate Medical Education in the country conducts Continuing Medical Education Programme, Knowledge assessment workshops; satellite based interactive teleconference & radio sessions, Formative assessment and local appraisal for the benefit of post graduate trainees, faculty and specialists/ consultants.
